

Novir InstaCLEAR™

Virtually Proctored Drug Testing by Novir

Novir's revolutionary drug-testing solution, InstaCLEAR, is a top choice for businesses of all sizes, making drug testing accessible, simple, and cost-effective. Unlike competitor solutions, there is no need for employees to visit a collection site, they can simply test from the comfort of their own home – all they need is a webcam and internet access.

Business can rely on InstaCLEAR for a range of screening needs, including pre-employment, post-accident, reasonable suspicion, and random. With Novir's suite of solutions, drug testing becomes a seamless and efficient process, offering numerous benefits to employers, such as attracting and retaining top talent and peace of mind with visibility into the safety of their day to day operations.

Global Access to All Employees

93% of employers plan to continue conducting job interviews remotely.
