

Post-Incident Virtual Drug and Alcohol Testing

24/7 Availability, So We're Here When You Need Us Most

Accidents do not always happen between the hours of 9-5, and when they do happen, and drug testing is necessary, **you simply don't have time to wait** until the next business day for your results.

That's why Novir's InstaCLEAR virtual drug and alcohol testing solution is available on demand, 24/7, so **we're here when you need us most**. All it takes is one simple phone call and we handle the rest.

Virtual drug testing strikes the ideal balance between operational efficiency and strict compliance

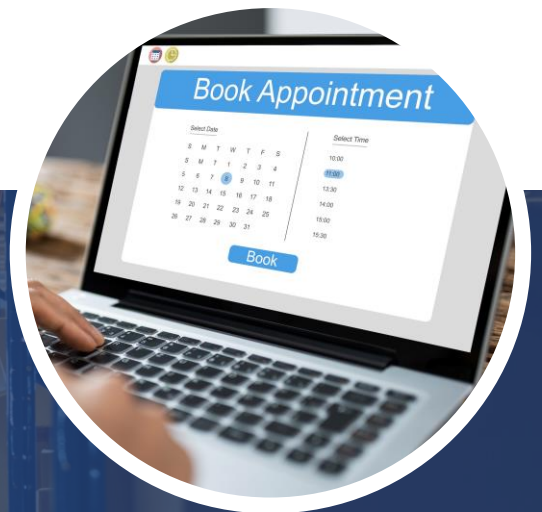

Having the ability to test for drug and alcohol use **IMMEDIATELY** following an incident:

- Reduces the amount of time the drug/alcohol has to clear from the body, providing more accurate results at the time of the incident
- Eliminates the hurdles of having to locate a testing facility or bring someone on location
- Ensures adherence to regulatory standards without extended downtime
- Increases availability of testing for when you need it most, 24/7
- Enables quick decision making following the incident

The InstaCLEAR Difference:

- Consistent service delivery
- 24/7 on demand availability
- Transparent, upfront pricing
- Minimize lost productivity
- Virtually proctored, eliminating all travel to a clinic
- Reduced downtime for supervisors
- Standard procedure for all your business locations across the globe
